Academic appointments

2014- Senior Lecturer, Lund University, Lund, Sweden
2014- Director, Lund University Centre for Societal Resilience
2016
2013- Assistant Professor, Lund University, Lund, Sweden
2014
2013- Affiliated researcher, Pontificia Universidade Católica do Rio Grande do Sul (PUCRS), Porto Alegre, Brazil
2015
2013 Visiting researcher, Griffith University, Brisbane, Australia
2008- PhD Student, Lund University, Lund, Sweden
2012

Non-academic appointments

2013- Owner and CEO at JB Safety Education and Consulting AB (part time)
2010-2012 Freelance lecturer and course developer
2008 Trainee, ÅF (part time)
2005 Trainee at the fire rescue service, Strängnäs

Higher education

2016 Reader in Risk and Safety, Lund University
2012 Doctor of Philosophy in Risk and Safety, Lund University, Lund, Sweden
2007 Master of Science in Risk Management Engineering, Lund University, Lund, Sweden
2007 Bachelor of Science in Fire Protection Engineering, Lund University, Lund, Sweden

Media appearances

Debate article in Swedish morning news journal DN on the topic: Hindsight undermines our ability to learn from terror, 2018-01-01

Interview in Swedish Radio P4 2017-03-14 on why accidents happen:
<http://sverigesradio.se/sida/artikel.aspx?programid=101&artikel=6651363>

During Wednesday 25 March and Thursday 26 March 2015 I made several appearances in media (radio, TV and paper) to discuss the recent Germanwings aviation tragedy. All the media appearances happened before the French prosecutor had confirmed the conclusion that the first officer of the flight was alone in the cockpit when the plane descended and eventually crashed in the Alps. In 2016 I also participated in the Swedish TV4 live coverage of the news that an Egypt Air flight had crashed on its way from Paris to Egypt. Appearances include:

Radio interview from P1 Morgon, Sveriges Radio P1, 25 March

Radio interview from Vaken, Sveriges Radio P4 Malmöhus, 25 March

Radio interview from P4 Extra, Sveriges Radio P4, 25 March

TV interview from Aktuellt, SVT, 25 March

Radio interview from Ekot, Sveriges Radio P1, 26 March
News paper article from Skånska Dagbladet, 26 March

Additional academic merits

Part of the examination committee for the PhD thesis: Rankin, A. (2017). Making Sense of Adaptation: Resilience in High Risk Work, Linköping University

Member of the Scientific Board of the Swedish Society for Risk Sciences

Member of the editorial board of the scientific journal Aviation in Focus.

Guest editor for the special issue Human Resilience in Interconnected Social and Health Systems in Ecology and Society.

Reviewed book and paper manuscripts for:
