2010/01/01 → 2011/12/31
Project: Research
- eSSENCE@LU 3:1 - The eStarSpec collaboration: Using eScience to map the Milky Way**
Ross Church, Melvyn B Davies, Sofia Feltzing, Anders Johansen, Nikolai Piskunov, Andreas Korn, Paul Barklem, Karin Lind & Georges Kordopatis
2016/01/01 → 2019/12/01
Project: Research › Individual research project, Internal collaboration (LU), National collaboration, International collaboration
- eSSENCE@LU 6:5 - Bayesian spectroscopy: Understanding the Milky Way's history with data-driven spectroscopy**
Ross Church, Gregor Traven, Philipp Birken, Erik Lindström, Melvyn B Davies, Sofia Feltzing, Andreas Korn & Karin Lind
2020/01/01 → 2021/12/31
Project: Research › Interdisciplinary research, Internal collaboration (LU), National collaboration
- Gaia-ESO Survey**
Gerry Gilmore, Sofia Randich, Sofia Feltzing, Thomas Bensby, Louise Howes, Pieter Gruyters, Nils Ryde, Edita Stonkute & Gregory Ruchti
2012/12/24 → 2021/07/01
Project: Research › International collaboration

6. **GREAT: GREAT**
Sofia Feltzing, Nicholas Walton, Lennart Lindegren, Melvyn B Davies & David Hobbs
Project: Network › International collaboration
7. **Signatures of Life on Earth and in Cosmos - ASG, Pufendorf IAS**
David Dunér, Dag Ahrén, Anna Cabak Rédei, Dainis Dravins, Sofia Feltzing, Gustav Holmberg, Arthur Holmer, Erik Persson, Petter Persson & Vivi Vajda
2012/08/19 → 2013/08/19
Project: Network › Interdisciplinary research, International collaboration
8. **Stellar ages for Galactic Archaeology: Methods and Applications**
Christian Sahlholdt, Sofia Feltzing, Lennart Lindegren, Diane Feuillet & Oscar Agertz
Swedish Research Council
2017/09/04 → 2021/10/01
Project: Dissertation › Individual research project
9. **The nature of kinematic structures in the Galactic disc**
Iryna Kushniruk, Thomas Bensby & Sofia Feltzing
2016/09/01 → 2020/11/06
Project: Dissertation › Individual research project
10. **NMW: The New Milky Way**
Sofia Feltzing, Thomas Bensby, Lennart Lindegren, Ross Church, David Hobbs, Nils Ryde, Henrik Hartman, Paul Mcmillan, Gregor Traven, Diane Feuillet, Christian Sahlholdt, Louise Howes & Edita Stonkute
Knut and Alice Wallenberg Foundation
2014/07/01 → 2027/06/30
Project: Research › International collaboration
11. **SAGA: The Strömgren survey for Asteroseismology and Galactic Archeology**
Luca Casagrande, Sofia Feltzing, Christian Sahlholdt & Pieter Gruyters
The Royal Physiographic Society in Lund
Project: Research
12. **WEAVE: WEAVE - a massively multiplex spectrograph for the William Herschel Telescope and associated surveys**
Sofia Feltzing & Thomas Bensby
The Royal Physiographic Society in Lund
2010/01/01 → ...
Project: Research › International collaboration
